

**Extra Ordinary World  
Tech Rider 2009.**

The show requires a black box configuration with at least one upstage leg left and right.

We require a performance space of minimum 3.6m wide and 3m deep.

A black dance floor and two upstage legs.

**Sound**

CD player with onstage foldback

Two wireless mics and stands (SM 58 or similar) to be positioned DSL and one offstage.

**Lighting**

11 x Fresnels

2 x profiles 15/30

Larger spaces will require more lights.

Two technicians, one who can programme the lighting desk.
